

# Prince 2 Foundation

[Ctrl+ Click here to enquire about this course:](#)

## Objectives :

Prince2 is now firmly established as a widely recognised methodology for the management of projects. The course will be interactive and will use case studies to consolidate learning and prepare candidates for the Foundation examination that will be sat during the course.

Delegates wishing to appear in the central register for qualified PRINCE2 Practitioner may continue the course for an additional two days, sitting the examination on the fifth day. For further details please see our PRINCE2 Practitioner outline

By the end of the course you will be able to:

- Apply structured project management to projects
- Understand and apply the PRINCE2 method
- Demonstrate the effectiveness of the method
- Create a project organisation, carry out initiation and produce a PID
- Carry out configuration management
- Implement risk management
- Use change control mechanisms
- Tailor and implement PRINCE2 within your organisation

## Audience:

Delegates who wish to use PRINCE2 on their projects and wish to sit the Foundation examination. Some prior knowledge and experience of project management is desirable. Candidates should be aware that some pre-course work is required. This course is non-residential and there will be course study to be completed out of course hours.

## Duration:

**Three Days**
